Hope wisdom guides you.

August 22, 2025

It's intelligence to recognize a fool, wisdom not to be one.

August 15, 2025

Everybody talks about the long-term, yet few survive it.

August 9, 2025

It's ruinous reputation that unites economists.

August 3, 2025

Hipsters perform worse than random.

July 21, 2025

People hate politicians' lies, but truth-telling politicians suffer defeats in elections.

July 19, 2025

Catching black swans is a true test for AI.

July 17, 2025

Democracy of fools constantly elects bullshitters into power.

July 15, 2025

There are countless stories of naive good guys destroyed by cynical bad guys.

July 10, 2025

The success of current AI reflects how little we know.
What's in my pocket?

July 9, 2025

Too much literature on tracking friends through maps, too little on making friends.

July 7, 2025

Those with a bigger mouth are not necessarily more truthful.

July 5, 2025

Palestine got destroyed while Black Swan made best selling list again. Taleb is indeed antifragile.

July 3, 2025

It's hard to admit, but Chomsky is a hipster.

June 23, 2025

Those who assert democracy also run intelligence agencies.

June 22, 2025

Most women care about wealth, not truth.

June 20, 2025

The wise can profit because masses are shallow.

June 12, 2025

Politician is the class that can commit crimes without consequences.

June 11, 2025

History is not non-fiction, some of which is useful.

May 25, 2025

Most cultural institutions are about power, not culture.

May 21, 2025

Humans have comfort zones, which gives AI some advantage.

May 17, 2025

There is a difference between being original and being right.

May 15, 2025

Maps can make you more friends than Facebook.

May 14, 2025

Prudence doesn't necessarily mean conservative.

May 6, 2025

There are much more people willing to betray Christ than defend him.

May 4, 2025

Much of the education system is to hide the undesirable truths from students.

May 3, 2025

Do not presume the liquid is water.

April 30, 2025

You know how bad the world is when all you can get is the lesser of two evils.

April 29, 2025

Principle of Computational Equivalence is modern superstition.

April 27, 2025

Many relations in life aren't transitive.

April 24, 2025

The left who can not survive in the market called it a failure of capitalism.

April 15, 2025

Conservatives believe the oppressor is right. Liberals believe the oppressed is right. Political bias is powerful.

April 12, 2025

Do not mistake the prophet for the culprit.

April 11, 2025

Efficiency is no remedy for extreme stupidity.

April 9, 2025

So many people want to save America for themselves. So few people want to save America.

April 6, 2025

From antitrust to tariffs, USA politicians sought every way to destroy the iPhone, which says something.

March 28, 2025

Mistaking a Jedi for a Sith can be as damaging as mistaking a Sith for a Jedi.

March 27, 2025

Why were so many great men assassinated?

March 25, 2025

Economists aren't the brightest people.

March 24, 2025

Newspapers say they are objective and impartial, because they are subjective and partial.

March 23, 2025

Don't mess with fools. They can hurt you.

March 16, 2025

There is good reason why it's computational complexity theory, not computational simplicity theory.

March 8, 2025

Garbage in, garbage out. AI is no different.

March 7, 2025

Friendship can teach you what can't be learned in school.

March 3, 2025

Cherish freedom.

March 2, 2025

Politicians interpret electoral triumph as support, rather than comparative palatability, which is a form of confirmation bias.

February 26, 2025

Democrats tried to beat Darth Sidious with Jar Jar Binks.

February 25, 2025

It helps to explain why smart people are ruled by stupid people.

February 24, 2025

Some people define complexity theory as the study of computation. Thus, it's tautological that complexity is computation. But, there is a broader view. You may find it on Glacier Studio Blog.

February 23, 2025

There are illiberal democracies.

February 22, 2025

Freedom allows truth to survive. A land of truth is too much to hope for.

February 21, 2025

Many people want to be rich. Few people want to know how to be rich.

February 20, 2025

We understand clock ticks. We don't understand time.
